

## THE "EASY" WAY

This unique system will provide you with a web tool to easily generate **cephalometric tracings in five (5) minutes or less.** 

You don't need to buy any software.

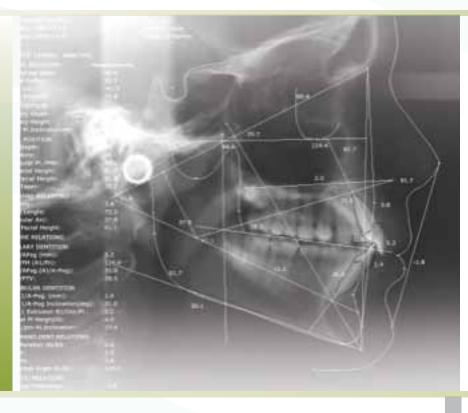

No **special equipement** needed.

It's really **affordable**. You pay according your use. It's a service.

Have your patient records **anywhere**, **anytime**.

We offer two convenient services: **Do it** Yourself and We do it for You.

## easyceph.com

Ask us for a trial period and see how fast and easy Cephalometrics can be...

It only takes a few minutes to digitize and produce your favorites cephs analyses, including the frontal analysis.

easyceph® is a web based software designed to generate your patients cephalometric tracings online. No special equipment needed. No licence payments.

easyceph® works on the most popular web browsers: Firefox®, Explorer®

Chrome<sup>®</sup>, Safari<sup>®</sup>, Opera<sup>®</sup> and more...

## AFFORDABLE CEPH'S

"Do it Yourself" is our favorite service. In this modality you will interact with our web based software and after digitizing the cephalometric points and lines you will be able to generate your preferred analyses and save or print three different and convenient templates. At no extra cost you will be able to generate the Ricketts frontal analysis.

"We do it for You" is our alternative service. If you prefer to save time you can upload the Xray's images and let us do the work for you. Within two business days you will have your patients ceph analysis in your easyceph inbox account. In addition, without any cost, you will be able to edit the ceph's.
